

The Happiest Place on Earth

Early this summer, we went to Disneyland with Brian's family! Brian's mom generously treated us to this amazing trip. We got to stay in the Grand Californian, then spend two days in the park, and one day in Downtown Disney! It was so much fun watching the kids discover Disneyland for the first time. Andrew's favorite attraction at the park was the Jedi Training Academy where he actually got to see the real Darth Vader. Scary, but oh, so much fun! The girls got to meet so many of their favorite princesses and Tinkerbell! What a great trip spent with our family!

Thank you, Nancy for all the fun and happy memories!
